

Wizard HEDP Dissolvable Plug

Vertechs Wizard HEDP Dissolvable Plug delivers a reliable, cost-effective, and customizable solution for modern fracturing and re-frac operations. With an unprecedented expansion range – capable of passing through tight spots and setting in 3.5"–5.5" casings – the Wizard HEDP Dissolvable Plug overcomes challenging downhole restrictions, including collapsed casing sections where conventional plugs fail.

Featuring industry-leading dissolution technology, it eliminates post-job intervention and significantly reduces completion time and risks.

This plug combines the proven performance of the standard Wizard Dissolvable Plug with superior passage capability, making it ideal for extreme well conditions and economically viable for stages that were previously untreatable.

FEATURES

- Ultra-high expansion, reliably set in 3.5"–5.5" tubular after passing through tight restrictions
- Fully dissolvable, eliminates post-frac intervention, reduces downtime & completion costs
- Metal seal and hybrid seal available
- Run with wireline or hydraulic setting tools

SPECIFICATIONS

Casing Size	Casing Weight (lb/ft)	Casing Grade
3.5"	9.3	N80 P110 Q125 140V
4.5"	11.6 - 15.1	
5"	15 - 21.4	
5.5"	20 - 26.8
